Adult and Continuing Education: Pamphlets, Newsletters, and Fugitive

This publication in the MSS series is revised, updated, and additive of three previous publications. The three were prepared by Terrance Keenan, Librarian and staff in 1993.

The Adult and Continuing Education materials in the Alexander N. Charters Library of Resources in Adult Continuing Education have been acquired by Syracuse University and by donations of individuals and organizations. The contributions enable the Library to keep up-to-date and to expand. The resources are used by practitioners and researchers in the field. They are available for use, free of charge, to the public worldwide.

Contributions of funds and materials continue to be gratefully appreciated.
