

Following is a list of items in the scrapbooks, in order of appearance. Olmstead's descriptions and annotations are given in quotation marks. For example, for the first item, Maurice Thompson, Olmstead's notes are "Poet. Novelist. 1844-1901."

While the information provided by Olmstead is always interesting, it is not always accurate. Due to difficulties in reading his handwriting and to changes over time, the names given in the list below may or may not be spelled correctly or in their modern form.

Common abbreviations appearing in the list and in the scrapbooks include:
