Mr. J. Howard Craver,
Landsman Radio Electrician,
Barracks A, Room 14,
Newport, R.I.

My dear Howard:

Thank you for advising me of your address. I have given it to Miss Hall and have stated to the students that you are in Naval service. I am sorry you are compelled to give up your year's work with us but trust you will give splendid service to our country and its needs at this time.

You would have greatly enjoyed being present with us yesterday for the Lincoln Birthday Banquet. I am enclosing a program which may be of interest to you.

I am sorry Harold could not perfect his plans so that you two boys could be together. I believe he is at present at his home at Factoryville, Pa. If I learn his address definitely later, I will send it to you.

Sincerely yours,

EDS/V.
