## Requisites for Admission.

Candidates for admission to the Freshman Class are examined in the following manner :

1. English Grammar, Geography and History.
2. Arithmetic, and Algebra through Quadratic Equations.
3. Bullions' Latin Reader, six Books of Virgil's *Aeneid*, Sallust and Cicero's Select Orations.
4. Bullions' Greek Grammar, Bullions' Greek Reader, and the First Book of Xenophon's *Anabasis*.

Candidates for the Scientific Course are examined in all the studies named above, excepting the Latin and Greek Languages.

Candidates for an advanced standing are examined in the preparatory studies, and in all those that have been pursued by the class they wish to enter, or in studies that may be deemed equivalent. It is very important that candidates should be thoroughly prepared in the requisites for admission, especially in grammatical and elementary knowledge. If they have more time than is required for such a preparation, it is desired, for obvious reasons, that they should not anticipate the books read in College, but direct their attention to other authors.

The regular examination for admission to College, takes place on the Monday immediately preceding COMMENCEMENT, and the Wednesday before the beginning of the Fall term. Students will, however, be examined at such other times as may be appointed, when application shall be made. Satisfactory testimonials of a good moral character will in all cases be required, and Students coming from other Colleges, must present certificates of regular dismission.

No student can be received for less than one entire Term ; and no one is permitted to enter the Senior Class later than the beginning of the third Term.

In addition to this arrangement, special accommodation will be made for young men having the Ministry in view. Whenever a sufficient number of applications are made, classes will be taught by gentlemen connected with the College, in addition to their regular duties, in Theological studies, and in the Hebrew and Greek Languages.

## DECLAMATIONS AND WRITTEN EXERCISES.

Declamations and Compositions alternately are required every week. Written Exercises in Latin and Greek, are required of the Freshman and Sophomore classes.

## EXAMINATIONS.

At the close of every Term, each class is examined in the studies of the Term by a Committee appointed for that purpose. At the Annual Examination, at the close of the Spring Term, the classes are also examined in the studies of the year. The results of these Examinations have an important bearing on the rank of the student, and in some cases, on his continuance in College.

## PUBLIC WORSHIP.

Prayers with the reading of the Scriptures, are attended daily in the College Chapel. All Students are also required to attend Public Worship on the Sabbath; in the morning at one of the churches in the village, and in the afternoon in the College Chapel.

## MERIT ROLL.

An account of the daily attendance, scholarship, conduct and delinquencies of every student is kept. The result determining his place on the Merit Roll, is entered at the close of each Term on the Records of the College. A report of the standing and demeanor of students, will be sent to Parents and Guardians when requested.

## DEGREES.

The degree of Bachelor of Arts is conferred on all students who have completed the College Course, and sustained a satisfactory examination therein.

The Degree of Bachelor of Science is conferred on all students who give satisfactory evidence of the completion of the Scientific Course. No Degree will be conferred unless all College dues are secured.

The Degree of Master of Arts is conferred on every Bachelor of Arts, of three years' standing, who in the interval, has sustained a good moral character. Application should be made personally or by letter, at least two weeks before Commencement.

The fee, including the Diploma, in each case, is five dollars, payable in advance.

## DISCIPLINE.

The government is parental, and is designed to secure attention to study and correctness of deportment; not so much by enforcing rigid enactments, as by cultivating in the student a taste for intellectual pursuits. No student who indulges in gaming, intemperance and other vices, no one who is frequently absent from his room at night, or who habitually neglects his studies, can be allowed to remain a member of the College.

## LIBRARY.

The Library is open every Saturday. It is accessible to all students; a small fee is charged for its use.

It is expected that large additions will be made to the Library and apparatus during the present year.

## CABINET OF NATURAL HISTORY.

There is a very large Cabinet of Natural History connected with the College, procured at an expense of several thousand dollars.

## EXPENSES.

Perpetual scholarships, securing free tuition, may be procured for One Hundred Dollars. No scholarship is available until the conditions of the scholarship note are complied with. Certificates of claim, in all cases, must be presented during the first week of each Term.

The charge for tuition to those not having scholarships, is \$8.50 per Term. There is an additional charge of one dollar for each course of Lectures in Chemistry, and for each course in Electricity and Magnetism. A

small charge is also made for the use of the Library and for Incidentals. The price of Board varies from \$2,12½ to \$2,50 per week.

The entire expense of a student, exclusive of Books and Incidentals, need not exceed \$100 per annum.

#### TERM BILLS.

All College bills are payable at the beginning of the Term, and no student will receive a regular dismissal from the College until the bills for the current Term have been settled. The course pursued in this Department, is as extensive and thorough as that taught in our best Commercial Colleges, and at greatly reduced rates of tuition.

## Teachers' Department.

This Department is designed to fit young ladies and gentlemen expressly and thoroughly for the work of teaching Common and other Schools. It is under the supervision of a single Professor, who has all the facilities necessary for a thorough accomplishment of this important object. Its labors are performed by recitations and lectures on all the topics, theoretical and practical, necessary to a mastery of this profession. The department has hitherto been abundantly successful, it having sent more School Teachers than any other Institution in the country.

## Cabinet.

The Cabinet of mineralogical and geological specimens embraces an ample collection of rocks, soils, &c., &c., including a full suit received from the State, and is deemed quite equal to the wants of students pursuing these branches.

Students of the Seminary also have access, at stated times, to the extensive Cabinet of Natural History in Genesee College.

### Location, &c.

This Institution is located in the most healthy and beautiful portion of Western New York, in the midst of one of the most productive and thriving farming regions of the State. It is easy of access, being only eighteen miles from Rochester, with which it is connected by a good plank road, and only four miles, over the same plank road, to the Canandaigua and Niagara Falls Railroad. It is also within five miles of the Buffalo and Corning Railroad. We thus enjoy the advantages of railroads, without the disadvantages, which, if passing through the place, they would occasion to a school like ours.

While the Institution is decidedly unsectarian, the utmost attention will be paid to the moral and religious welfare of the students. We are happy to record, with gratitude, that these exertions have, with the blessing of God, been very successful.

It is very desirable that students should be here to enter the classes at the beginning of the term; otherwise, they will find themselves so far behind as much to embarrass them.
